

SUBJECT: Student Exposure to Illness

REVIEWED/REVISED: 07/2013; 10/2020

PURPOSE: Provide guidance on illness exposure risk.

POLICY OWNER: Chief Student Officer (Dean of Students)

POLICY:

As healthcare providers, Nebraska Methodist College students are at increased risk of exposure to communicable and blood borne illnesses (including, but not limited to: influenza, hepatitis, pertussis or coronavirus).

Students are required to maintain complete and current health and immunization records with Campus Health. This requirement ensures the well-being of students, clients and the NMC community.

Please refer to your Program Handbook and Campus Health policy for guidance should an exposure occur.
