

Retention & Persistence Report

[Program Contact Sheet](#)

There is a response threshold. If there are under 5 responses then date will not appear.

First Term Data - Fall students entering into a Program compared to the subsequent Spring census.

- Retention Rate - a measure of students retained in their program after their first term.
- Persistence Rate - a measure of students persisted within the institution. (including: changed programs, dropping a higher degree and completing the lower degree)

Fall to Fall Data - Fall data compared to the following Fall census.

- Program Persistence Rate: a measure of students retained in their program from Fall to Fall.
- Institution Persistence Rate: a measure of students persisted within the institution from Fall to Fall. (including: changed programs, dropping a higher degree and completing the lower degree)

Let's Dive into the Students that did not Persist

Click on a program code below to quickly update the tables to focus on a specific program OR use the filters above to choose a population of students.

Exit Reason Definitions

- Academic Reasons - This is used if the student is on probation or having academic difficulties and chooses not to continue. The student formally withdrew.
- Administrative Withdrawal - Students who don't register for classes but don't formally withdraw. This will be used in the future to also update students that failed their classes prior and then did not show up the next term.
- Academic Suspension - They are suspended for a certain amount of time and then can return. The length is determined by the program.
- Program Dismissal - Added this exit reason so Admissions and others can tell if the student was dismissed from a program versus from the college. If they were in a HP program Admissions would need to check with the program director to see if they can return. If they are nursing they may not return in any nursing major.
- Academic Dismissal - Dismissal (from the College) is considered a permanent action, although appeals for readmission in exceptional circumstances will be considered. i.e. Student with two suspensions per policy would receive this exit reason unless appealed.
- Deceased or disabled - The student is deceased or is totally and permanently disabled and thus unable to return to school.
